INDEPENDENT AUDITORS' REPORT

Board of Directors
The Catholic Foundation for the Diocese of Green Bay, Inc.
Green Bay, Wisconsin

Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying financial statements of The Catholic Foundation for the Diocese of Green Bay, Inc., which comprise the statements of financial position as of June 30, 2022 and 2021, and the related statements of activities and cash flows for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of The Catholic Foundation for the Diocese of Green Bay, Inc. as of June 30, 2022 and 2021, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of The Catholic Foundation for the Diocese of Green Bay, Inc. and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about The Catholic Foundation for the Diocese of Green Bay, Inc.'s ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of The Catholic Foundation for the Diocese of Green Bay, Inc.'s internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about The Catholic Foundation for the Diocese of Green Bay, Inc.'s ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audits.

THE CATHOLIC FOUNDATION FOR THE DIOCESE OF GREEN BAY, INC.
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2022 AND 2021

NOTE 1 PRINCIPAL ACTIVITY

The Catholic Foundation for the Diocese of Green Bay, Inc. (the Foundation) is a nonprofit corporation organized under the laws of the state of Wisconsin for the purpose of receiving and maintaining a fund or funds of real or personal property and using or applying the whole or any part of the income there from and the principal thereof exclusively for religious, charitable, scientific, literary, or educational purposes, in connection with the Catholic Diocese of Green Bay, in accordance with the teachings and the Code of Canon Law of the Roman Catholic Church.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Cash and Cash Equivalents

The Foundation defines cash and cash equivalents as highly liquid, short-term investments with a maturity at the date of acquisition of three months or less. The Foundation maintains its cash in bank deposit accounts, which, at times, may exceed federally insured limits. The Foundation has not experienced any losses in such accounts and believes it is not exposed to any significant credit risk on cash and cash equivalents.

Investments

Investments are generally recorded at fair value based upon quoted market prices, when available, or estimates of fair value. Investment income or loss and unrealized gains or losses are included in the accompanying statements of activities as increases or decreases in net assets without donor restrictions unless the income or loss is restricted by donor or law. Donor-restricted investment income and unrealized gains or losses are reported as increases or decreases in net assets with donor restrictions. When a restriction expires, net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the statements of activities as Net Assets Released from Restrictions.

The Foundation's investment strategy incorporates a diversified asset allocation approach and maintains, within defined limits, exposure to the world equity and fixed income markets, including alternative investments. This strategy provides the Foundation with an asset mix that is most likely to meet its long-term return goals with an appropriate level of risk. The Foundation's Investment Committee has engaged independent external investment consultants to advise on asset allocation and conduct due diligence on investment managers. In addition, the Foundation monitors the portfolio asset allocation and performance regularly to ensure compliance with the investment policy.

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2022 AND 2021

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Beneficial Interest in Assets Held by Others

The Foundation has arrangements with donors classified as charitable remainder trusts and charitable gift annuities. The Foundation has recognized its interest in the estimated future cash flows as net assets with donor restrictions based on the fair market value of the assets.

Funds Held for Others

The Foundation has a number of funds for which it acts as a custodian. Receipts are held and disbursements are made according to the intentions of the organization from which the funds were received. These funds are reported as funds held for others in the financial statements. Investment income and distributions of these funds are not considered revenues or expenses of the Foundation.

Net Assets

Net assets, revenues, gains, and losses are classified based on the existence or absence of donor or grantor-imposed restrictions. Accordingly, net assets and changes therein are classified and reported as follows:

Net Assets Without Donor Restrictions

Net assets available for use in general operation and not subject to donor (or certain grantor) restrictions.

Net Assets With Donor Restrictions

Net assets subject to donor- (or certain grantor-) imposed restrictions. Some donor-imposed restrictions are temporary in nature, such as those that will be met by the passage of time or other events specified by the donor. Other donor-imposed restrictions are perpetual in nature, where the donor stipulates that resources be maintained in perpetuity. Donor-imposed restrictions are released when a restriction expires, that is, when the stipulated time has elapsed, when the stipulated purpose for which the resource was restricted has been fulfilled, or both.

Revenue

Management fees are recognized in the period the management activities are performed and represent fees charged to entities with funds held by the Foundation. Revenue from management fees is recognized over time and totaled \$1,406,231 and \$1,415,932 during the years ended June 30, 2022 and 2021, respectively.

THE CATHOLIC FOUNDATION FOR THE DIOCESE OF GREEN BAY, INC.
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2022 AND 2021

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Contribution and Bequest Revenue Recognition

Contributions are recognized when cash, securities or other assets, an unconditional promise to give, or notification of a beneficial interest is received. Conditional promises to give are not recognized until the conditions on which they depend have been substantially met.

All donor-restricted contributions are reported as increases in net assets with donor restrictions. When a restriction expires, net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the statements of activities as Net Assets Released from Restrictions.

The Foundation determines its allowance for contributions received by considering a number of factors, including the length of time receivables are past due, the Foundation's previous loss history, the donor's current ability to pay its obligation, and the condition of the general economy.

Donated services are recognized as contributions if the services (a) create or enhance nonfinancial assets or (b) require specialized skills, are performed by people with those skills and would otherwise be purchased by the Foundation. A substantial number of volunteers have donated significant amounts of their time in the Foundation's program services and in its fundraising campaigns. The value of these donated services and time is not recognized in the accompanying financial statements because they do not meet the criteria for recognition.

Refundable Advance

The Foundation received proceeds in the amount of \$226,000 to fund payroll, rent, utilities, and interest on mortgages and existing debt through the Paycheck Protection Program (the PPP Loan) during the year ended June 30, 2020. The PPP Loan may be forgiven by the U.S. Small Business Administration (SBA) subject to certain performance barriers, as outlined in the loan agreement and the CARES Act.

The Foundation classified this loan as a PPP grant for accounting purposes. The Foundation recognized contributions of \$226,000 related to this agreement during the year ended June 30, 2021, which represents the portion of the PPP Loan funds for which the performance barriers had been met. Management believes the Foundation has satisfied the performance barriers attributable to the PPP Loan proceeds and, on April 20, 2021, the Foundation received formal notification from the SBA that the full amount of the PPP Loan had been forgiven.

The SBA may review funding eligibility and usage of funds for compliance with program requirements based on dollar thresholds and other factors. The amount of liability, if any, from potential noncompliance cannot be determined with certainty; however, management is of the opinion that any review will not have a material adverse impact on the Foundation's financial position.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Grant Expense

In connection with its annual budget process, the Foundation communicates its intent to support various organizations of the Catholic Diocese of Green Bay with estimated grants. Management does not consider this intent to support or the communication of this intent to support an unconditional promise to give. The Foundation grant is recorded in the year in which the grant is distributed.

Tax-Exempt Status

The Foundation has received notification that it qualifies as a tax-exempt organization under Section 501(c)(3) covered by the U.S. Internal Revenue Service group exemption letter of the United States Conference of Catholic Bishops and corresponding provisions of state law and, accordingly, is not subject to federal or state income taxes.

The Foundation incurred no unrelated business income tax for the years ended June 30, 2022 and 2021.

Accounting Standard Update

In September 2020, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2020-07, *Not-for-Profit Entities (Topic 958): Presentation and Disclosures by Not-for-Profit Entities for Contributed Nonfinancial Assets*. The new standard increases transparency and comparability among organizations through enhancements to presentation and disclosure requirements for contributed nonfinancial assets. The Foundation adopted ASU 2020-07 on a retrospective basis as of July 1, 2020. No cumulative-effect adjustment in net assets was necessary with the adoption of ASU 2020-07.

Subsequent Events

In preparing these financial statements, the Foundation has evaluated events and transactions for potential recognition or disclosure through October 14, 2022, the date the financial statements were available to be issued.

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2022 AND 2021

NOTE 5 FAIR VALUE OF FINANCIAL INSTRUMENTS

As defined by current authoritative guidance, fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. In determining fair value, the Foundation uses various valuation methods including the market, income, and cost approaches. The assumptions used in the application of these valuation methods are developed from the perspective of market participants pricing the asset or liability. Inputs used in the valuation methods can be either readily observable, market corroborated, or generally unobservable inputs. Whenever possible the Foundation attempts to utilize valuation methods that maximize the use of observable inputs and minimize the use of unobservable inputs.

The fair value hierarchy ranks the quality and reliability of the information used to determine the fair values. Assets measured, reported, and/or disclosed at fair value will be classified and disclosed in one of the following three categories:

Level 1 – Quoted market prices in active markets for identical assets or liabilities.

Level 2 – Observable market based inputs or unobservable inputs that are corroborated by market data.

Level 3 – Unobservable inputs that are not corroborated by market data.

The table presents the balances of assets measured at fair value on a recurring basis:

NOTE 5 FAIR VALUE OF FINANCIAL INSTRUMENTS (CONTINUED)

The following methods and assumptions were used to estimate the fair value for each of the investments measured at fair value:

Investments consist of stocks, bonds, mutual funds, and hedge funds. The stocks, bonds, and mutual funds are measured at fair value using quoted market prices. They are classified as Level 1 as they are traded in an active market for which closing prices are readily available. The money market fund, which is valued based on quoted market prices, is classified as Level 2 as there is not an active market.

The beneficial interest is measured at fair value based on information received from the trustee of the funds. It is classified as Level 3 as the valuation is not corroborated by market data. The unobservable inputs are the underlying assets held by the trustee and its investment policy. The trustee does not have any restrictions on redemption frequency or a required redemption notice period.

The Foundation has chosen to employ a fund of funds approach in its allocation to alternative investments presented as 'hedge funds' in the fair value table above. The funds are in a private partnership structure and invest predominantly in other private partnerships. Since there is no readily available market for investments in certain private partnerships, such investments are classified as Level 3. A net asset value (NAV) is calculated monthly for each partnership and is used to subscribe or redeem limited partners. Following an initial lock up of twelve to twenty-five months, the Foundation may request liquidity or a full redemption from each partnership either on a periodic basis (usually quarterly, but in one case, annually) by giving notice of sixty-five to one hundred five days. As of June 30, 2022 and 2021, the Foundation had a 5.0% allocation to alternative investments. The funds were invested across three and four funds, respectively, and a total of over one hundred underlying funds. There are no unfunded future commitments to the funds.

The changes in Level 3 assets measured at fair value on a recurring basis are summarized as follows:

	<u>Beneficial Interest</u>	<u>Hedge Funds</u>

The liability on the financial statements has been recorded at the net present value of the payments due using a discount factor of 3%. The remaining pledges payable of \$48,048 are expected to be paid during the year ending June 30, 2023.

Pledges payable are recorded net of discounts of \$15,740 and \$13,010 at June 30, 2022 and 2021, respectively. Included in the pledges payable balances were amounts owed to other diocesan corporations totaling \$250,000 and \$739,158 at June 30, 2022 and 2021, respectively.

NOTE 15 ENDOWMENTS

Interpretation of Relevant Law

The Foundation has interpreted Wisconsin's adoption of the Uniform Prudent Management of Institutional Funds Act (UPMIFA) as requiring the preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds, unless there are explicit donor stipulations to the contrary. At June 30, 2022 and 2021, there were no such donor stipulations.

As a result of this interpretation, the Foundation retains in perpetuity (a) the original value of initial and subsequent gift amounts (including promises to give net of discount and allowance for doubtful accounts) donated to the endowment and (b) any accumulations to the endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added.

Donor-restricted amounts not retained in perpetuity are subject to appropriation for expenditure by the Foundation in a manner consistent with the standard of prudence prescribed by UPMIFA. The Foundation considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds:

1. The duration and preservation of the fund;
2. The purpose of the Foundation and the donor-restricted endowment fund;
3. General economic conditions;
4. The possible effect of inflation and deflation;
5. The expected total return from income and the appreciation of investments;
6. Other resources of the Foundation; and
7. The investment policies of the Foundation.

Fund Objectives

Funds are established to assist the Foundation in its mission as defined in Note 1.

Investment Objective and Cash Flow Policy

The Foundation manages endowments with the intention of preserving and maintaining their existence in perpetuity. The Foundation exercises ordinary business care and prudence under the facts and circumstances prevailing at the time with respect to the making or retaining of investments, or the delegation of investment management to any independent investment counsel or managers (including banks and trust companies) who will act in place of the Foundation in investment and reinvestment of endowment funds. The general policy for investment of the funds shall be primarily directed to preserving the principal of the funds, and secondarily to obtaining reasonable income and capital appreciation thereon.

The distribution policy varies by fund. A typical policy provides an annual distribution based on 5% of the December 31st fair value. Depending on the fund and the donor agreement, the annual distribution may temporarily consist of principal until earnings are sufficient to bring the fund back up to its principal balance.

Investment Policies

The Foundation acknowledges the importance of the performance of the capital markets in providing returns to assist in meeting the cash flow needs of the Foundation. As a result, a historical analysis of the performance of the capital markets was developed including various assumptions for projected market conditions. Several combinations of each asset class in varying percentages were examined. Profiles and distributions of expected returns were projected for 20 consecutive years. These outputs were not viewed as predictions, but rather a systematic and consistent method for evaluation investment policies. After review, the Foundation adopted a target asset allocation.

The Foundation defines the target asset allocation as something that can be controlled and measured. There may be occasions when the Foundation and/or the retained investment manager(s) feel a significant increase or decrease to any of these or other classes of securities may be warranted based on the current and/or anticipated conditions.

The assets of endowments are to be diversified in order to minimize risk of large losses to them by any one or more individual investments. The Foundation believes diversification is, in part, accomplished through the selection of asset mix and investment managers. The Foundation gives due consideration to the costs and fees of various investment options.

The Foundation does not consider contributions receivable to be a part of its endowment. Donor-restricted receipts are transferred into endowment funds on a monthly basis upon receipt.

Endowment net assets composition by type of fund consisted of the following at June 30:
